A SOLDIER'S TRIBUTE TO COMRADES

Corporal Burt Says They are Gentlemen and Good Fellows.

EDUCATED MEN IN THE RANKS

But Stories of Toughs Travel Quickly—A Happy Go Lucky Lot They Take Experiences as They Are.

[SPECIAL CORRESPONDENCE.]

DAGUPAN, P. I., Feb. 3—Last Monday evening I received my much belated Christmas box, and I want to tell you I never appreciated anything more in my life. The contents were ample evidence of the care and thoughtfulness with which my remembrances were selected. As I sat on my bunk after I had opened the box and spread its contents about a strange feeling came over me and I thing I felt a little homesick. I felt very thankful that I have such dear parents.

The same evening the box came I took some of the cakes and a can of plum butter down to supper. There are four of us, Sergeant Miller, Battalion Sergeant Major Fairchild, Private Dugan and myself, that sit at the same commissary table. My messmates are all fine fellows and every payday we lay by a fund with which to replenish our supply when needed. That night at supper those cakes lasted about as long as a snowball would in a hot oven, and the jar of butter soon looked sick. After supper Miller said, "You tell your mother that three orphan boys over here in the Philippines highly appreciated the contents of your Christmas box."

If any person thinks the regular army is made up of men who are too lazy to work, of ignoramuses and bums he is sadly mistaken. There are just as smart men in the army as you can find any place and they are not scarce. A man who has not a fair education can not hold even the position of sergeant of a company. Among the private soldiers can be found a great many men of good education. Of course there are a good many toughs in the army, and as bad news travels faster than good the exploit of a tough is talked about more by the people at home than all the good men who behave themselves.

To a man who behaves himself, and as the army expression goes, keeps his "nose clean" army discipline is not any more binding than is necessary for the regulation of so many men. Almost to a man, the soldiers are courteous and obliging, the greatest respect possible being paid to the officers, wives or any American lady.

As a rule the soldiers are a sort of happy go lucky set. To illustrate: Nov. 11 we had marched and scrapped nearly all day, part of the time in a downpour of rain. In the evening we came to a halt and stood for two hours in the rain waiting for our supply train. We got into shelter about dark. The houses were built up about 10 feet off the ground as the majority of large houses are and the lower part is enclosed by a lattice work. The first thing was to get something to eat and dry our clothes. It was not long until most of us were making coffee and frying bacon. It was amusing to hear the remarks and the good natured banter that was passed. You would have thought, to hear us talk, we were comfortably quartered and were having a feast. Wet to the skin, we squatted around the fires in all stages of raiment, drying our clothes and preparing supper. One fellow spilled his coffee, looked at the empty can awhile, said a few strong words and proceeded to try again. Other fellows had trouble with the grease getting afire while frying their bacon. And so it went, but through it all that buoyancy of spirit was so noticeable. We slept on the floor with rubber blankets for covers and haversacks for pillows.

Another amusing incident appeared because one of the L company boys had lost his shelter tent. When we halted for the night it was raining and there were not houses enough for all and some had to put up tents. This poor fellow was out of luck. He found a large banana leaf about two by eight feet. He laid one end against a fence and propped the other end up with a bamboo stick and made a bed out of some of the brush. When we left the next morning he did not have the trouble of striking his tent.

I am glad the pictures I sent got through all right. I will take some more as soon as I can and send them home so I will have a good collection when I reach Ohio.

Well, if Mr. Groundhog had been over here he would certainly have seen his shadow and been glad to get into his hole to keep cool instead of to keep warm. I have become accustomed to the heat. We have a good sea breeze most of the time which makes it much more pleasant.

CHARLES C. BURT.

PAID HIM PROMPTLY

David Jackson Was in the Right Insurance Company.

David Jackson while attending an evening party was seriously burned by a flash light. The injured hand gave him great pain, but there was balm for the wound in the knowledge that he carried an accident policy in the Central of Pittsburg. The claim was presented to Blake V. Mizer, the company's agent in this city, and within two days was paid. The Central is the one reliable accident insurance company. Have you a policy?

SENSATIONAL CASE

Is Reported In This City as Having Occurred in Newark.

A very peculiar case has developed in Newark. Several days ago Mr. I. C. Landin, living on East Third street was found missing from his usual place at the B. & O. shops. A messenger was sent at once to his home but soon returned saying that he had left home the evening before. His wife was much annoyed and commenced search at once, but with no avail. She put the matter in the hands of the police, and Marshall Vagelmier instituted a search and after several day's hard work, gave up in dispair. The theory was advanced by many that he had met with foul play, but Mrs. Landin said no, as he never carried any great amount of money upon his person. Yesterday morning the startling report was brought in that Mr. Landin had been found dead in the gallery of the theater, where he had witnessed the final performance of the Chicago Stock company. The coroner was called and returned a verdict that he had died from laughter. They are here all next week. Prices 10, 20, 30 cents. "The Australian" is Monday night's bill. Monday is ladies free night.

A LONELY LIFE

Caused Mrs. Elizabeth Dougherty to Lose Her Mind.

Mrs. Elizabeth Daugherty, of Spring Mountain, was taken to the insane hospital at Columbus Friday by Sheriff Hedge.

Probate Judge Roche went to Spring Mountain Thursday and adjudged her insane. Doctor Hilton Buker was the medical witness. It is thought her insanity was caused by loneliness. She was 51 years old and unable to visit in the community. Her husband, Pat Dougherty, is employed on the railroad and is often compelled to be away from home a week at a time. Their house was back from the main road, and it is supposed Mrs. Daugherty brooded over her lonely life until she became insane.

SMALL BOY HURT.

He Attempted to Move at High Speed and Came to Grief.

A small boy was enjoying all the pleasures of a ride in his little wagon on South Third street Friday afternoon when he suddenly came to grief.

He had the wagon tied to the rear end of a farmer's wagon when the two hind wheels of the little wagon came off. The boy's feet were caught in some manner and he was dragged in the mud until his cries stopped the driver. No injury was done except the boy was covered with a liberal coat of mud.

DEPOT MAIL BOX

Now in Successful Operation at the Pan Handle Station.

COSHOCTON POSTOFFICE,
March 22, 1901.

I have perfected arrangements for a depot mail box from which Pan Handle postal clerks will make collections This service is now in operation. The purpose is to accommodate persons who have important mail which they cannot get ready in time to be dispatched through the postoffice. The service from the depot box will be operative both day and night.

In order to secure this extraordinary service I assured the department officials that the privileges of the depot box would not be imposed upon by people mailing there unnecessarily large amounts of matter, but that the people of Coshocton could be depended on to use the depot box *only in cases of emergency*, i. e., when they have letters which they cannot get ready in time to be dispatched through the postoffice and quick dispatch is important. I trust the people of Coshocton will sustain my assurance in this respect, for if this extraordinary service were to be imposed upon by the people mailing there unnecessarily large amounts of matter there is danger that the depot box might be abolished by the department, as it would demoralize the railway mail service to receive large amounts of unfaced, uncanceled, unworked matter.

Use the depot box for *emergency mail only*.

BUILDING WILL BOOM

When the Sunny Days of Spring Are Here.

HOUSES WILL BE ERECTED

Because There is Great Demand For Them. Lots Are Changing Hands at Good Prices.

Indications point to an unprecedented building boom in Coshocton this year. It has been coming since the building season of last year closed, and in pite of the high price of materials will burst upon the city when the sunny days of spring are here.

Ground has been broken for buildings in all parts of the city, and contracts are being let almost every day. In addition to the list of fine residences, published in a recent issue of THE AGE, there are reasons for believing that many others will be erected. Some of these will be owned by the parties who are to occupy them and others are for renting purposes. The number will increase as the season advances and contractors can take up the work.

Contractors report that they have an unusual amount of work in sight and there is no doubt, in spite of the high price of all kinds of material, there will be great activity in building in the city this spring and summer. Should lumber and iron products drop in price many more would build homes.

Real estate agents are unanimous in the opinion that never in the history of the city has there been such a demand for houses to rent. There has been a scarcity for the past two or three years and it is not helped by the arrival of families every week. Many of these do not buy or build homes and depend on those who have houses to rent. Some occupy a few rooms until good fortune shows them a house for rent while others, particularly families without children, board until they can locate themselves more comfortably.

This activity in building has also stimulated the sale of vacant lots, and there is considerable activity in the desirable residence portions of the city.

Real estate is active, and town lots are selling at good prices. The lots placed on the market by the board of trade in its two additions are in the main held by the original purchasers, but many of them have changed hands particularly in the first addition. These sales are all for the purpose of building, and some of the houses will go up this year.

What Coshocton needs is the small comfortable house provided with such improvements as will make it rent for a reasonable price and still give the owner a good return for his money. The demand for these houses is large and the supply is very small. The capstalist who decides to build them on well located ground will have a good investment.

UNION LABEL

FARMER'S SUICIDE.

Blew Himself to Pieces With Dynamite—Ohio News.

Payne, O., March 23.—Samuel Haggerty, a prosperous and wealthy farmer living three miles south of town, committed suicide in a most shocking manner. He took a quantity of dynamite and went to the field, announcing his intention to blast stumps. Later a violent explosion alarmed the neighbors, and on investigation they found a few scattered remnants of the despondent man. Esquire Rubin was called and held an inquest, which established the fact that the deceased had placed several pounds of explosives in a large stump and deliberately lighted the fuse. Despondency over the loss of his wife is thought to have been the cause.

Attempt at Bribery Charged.

Columbus, O., March 23.—Samuel F. Coen, member of council from the Fourth ward, in the course of his deposition in the injunction proceedings to restrain the operations of the blanket street railway franchise recently granted the Columbus Street Railway company by the city council, says that Thomas J. Hartley, a former member of council, offered him $2,500 to vote for the franchise, and "that there was $10,000 in it if he would vote for a renewal of natural gas and electric light franchises." Mr. Hartley denies the charge.

Interstate League.

Toledo, March 23.—There will be a meeting of the magnates of the Interstate league next Wednesday at which the applications of Indianapolis and Louisville will be considered. There is little doubt but that they will be admitted, and it is probable that Wheeling and Marion, Ind., will be dropped to make places for the two teams.

Morris Makes Changes.

Columbus, O., March 23.—Railway Commissioner Morris has appointed Harry E. King of Newton Falls, chief clerk, C. G. Knight of Columbus, chief inspector, the position Mr. Morris formerly occupied, and Edward P. Hanna of Nelsonville, statistician.

Deadlock Broken.

Cleveland, March 23.—The deadlock between the Longshoremen's union and the dock managers has been broken. At the conference the longshoremen receded from their demands for 14 cents a ton for unloading ore, and a compromise was effected on the basis of 13 cents.

Aimed at Gambling.

Little Rock, March 23.—The house of representatives refused to reconsider the vote by which it passed the senate bill for the suppression of gambling. The bill imposes a fine of $500 to $1,000 for gaming, half the fine to go to the informant and half to the common school fund. It provides that if any prosecuting attorney, city attorney or mayor shall know or is informed of any violation of the act and shall refuse or neglect to prosecute, he shall, upon indictment and conviction, be fined, removed from office and disqualified thereafter from holding office in this state.

A little light work should not make a woman's back ache—
And it wouldn't if the kidneys were right.
Sick kidneys are to blame for three-fourths of the pain and misery in this world.
If all the kidneys in the world could be made strong and healthful, backache would disappear like magic.

Doan's Kidney Pills

are making well kidneys just as fast as people let them. They never fail. Have cured thousands of men and women.

Read this testimony of their merit

Mrs. Geo. Graff, of No. 25 Spencer street, Newark, O., says:

"I had a terrible bad back which successfully resisted all efforts in the way of medicines and porous plasters to relieve it. It was just across the loins, where the greatest strain falls so that I could not get up when I was down. I awakened in the morning scarcely able to shift my body. As I moved about at my household work I was often in actual torture. For three months I suffered all the time until one day a neighbor gave me a few doses of Doan's Kidney Pills. I took them and the benefit was so apparent I sent to a drug store and procured a box. Before very long I discarded the plasters. The kidney secretions looked clear and natural and I had not a pain in my head or back.

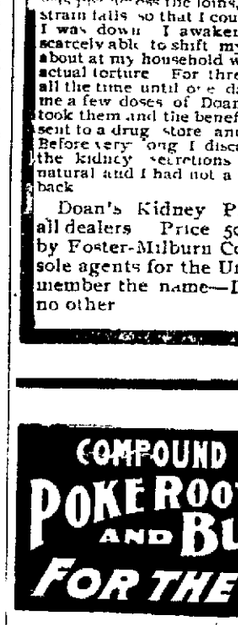

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States. Remember the name—Doan's—and take no other.

AN INVITATION TO GOOD DRESSERS

WE TAKE pleasure in inviting you to call at your convenience and examine the new spring cloths, which are ready for inspection. The latest and most exclusive things are here

Hair-line Striped Cheviots, Flannel Cloths and Mixed Serges predominate. Silver Grays, Olives and Greens are among the season's popular colors.

The "Military" Sack Coat, which is the vogue for business and general wear, commends itself by its smart, dressy effect to all good dressers.

Expert tailoring and that indefinable touch which gives the exact set and graceful lines to a garment, will mark, as always, every "Harris-made" product for the Spring of 1901.

Harris the Tailor.

"I had a running sore on my leg for seven years," writes Mrs. Jas. Forest of Chippewa Falls, Wis, "and spent hundreds of dollars in trying to get it healed. Two boxes of Banner Salve entirely cured it." No other salve so healing. C. E. Anderson.

The editor of the *Vindicator* has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First with rheumatism in the shoulder from which he suffered excrutiating pain for 10 days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second.in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the linament on retiring at night, and getting up free from pain. CONSTIPATION

A dangerous condition of the bowels—but a common complaint to both sexes—if allowed to stand for more than 24 hours it not only stops the circulation of the blood, but acts as a blood poison and predisposes the system to Dyspepsia, Pulmonary Consumption, Headache, Insanity and many distressing forms of disease.

Dangerous to All—Especially Women.

Women are very susceptible to it at times of pregnancy, and will find Favorite Remedy a wonderful help. Children should be watched carefully and compelled to be regular. Favorite Remedy contains no mercury, mineral or dangerous substance in any form. It is pleasant to take, will not produce languor, unpleasant symptoms, and will always produce the same effect without increasing the dose.

SOMETHING UNUSUAL

Is the Proposition Made to Newcomerstown By a Big Company.

Newcomerstown is now looking after a large locomotive and steel car works. A citizens' meeting was held there this week and J. L. White, of New York, a representative of the locomotive company, explained their proposition, viz:

They want no bonus, but ask a loan of $50,000 for the payment of which they can furnish ample security. In addition they ask that a committee be appointed to sell 300 town lots at $200 each; that the company will furnish the land and plat same and that three years' time may be had in completing the sale. Further, that when the lots are sold the company will refund $10,000, or if the town prefers, they will furnish 30 electric arc lights to be placed as deemed best by the city and furnish light for three years, provided the town bears the expense of hiring one man to take care of the lights.

WHEELING SERVICE

To the Buffalo Exposition May Include a Boat Ride.

Along with the other reports of improved service due to the Pan-American exposition at Buffalo has been the statement that the Wheeling & Lake Erie intends to do something of the same sort.

One report had it that a connection with the Erie at Kent was to be made a through sleeper being run from Wheeling and Zanesville. While it is admitted that negotiations along this line have been opened, it is said that nothing has come of it. The Wheeling feels the power of the Baltimore & Ohio with its connections and of the Pennsylvania with its connections, as a competitor, and will choose a more attractive feature than a through service, probably a boat ride to catch the eye of the traveler. It is likely, therefore, that the only agreement will be with the Cleveland & Buffalo Transit company.

HAD NO MONEY TO PAY.

Uhrichsville Telegraph Operator Arrested and Allowed to Go.

J. F. Carney, who claims to be an operator on the Cleveland, Lorain & Wheeling railroad, was arrested Friday evening for riding blind baggage on Pan Handle train 20.

Officer Doney made the arrest and the man spent the night in the city prison. He had no money to pay a fine and was turned loose this morning. He said he wanted to go to Uhrichsville.

Postoffice Cases.

Havana, March 23.—The papers in the postoffice fraud case have been ordered turned over to the fiscal, who hereafter will be the only representative of the government in the prosecution. Messrs. Rubens and Lamar, who were preparing evidence, will retire. This move is said to indicate an early trial.

Turf Winners.

At San Francisco—Beau Ormonde, Huachuca, Kenilworth, Ogle, Mac Gyle, Impromptu.

At New Orleans—Charlie Daniels, Woodtrice, Tom Kingsley, Dissolute, Swordsman, Kid, Janowood.

Destructive Storm.

Vancouver, B. C., March 23. — The steamer Miowera, which arrived here, brings advices of a terrific hurricane which swept the New Hebrides islands with destructive effect, New Caledonia in particular suffering from its devastating effects. The wind drove several vessels ashore and played havoc with the Nickel company's property. Trees were uprooted, plantations destroyed and houses wrecked, although there was no loss of life. At Tonga four good-sized ships were driven ashore and completely wrecked.

Miners and Operators Agree.

Terre Haute, Ind., March 23.—The Indiana bituminous operators and miners reached an agreement, and the annual contract was signed. The agreement provides for the acceptance of the operators' proposition on every point except one, that being the paragraph relating to the wages of day labor. The operators concede an advance in wages of day laborers from $2.10 to $2.25 per day.

WILL BUILD AT ONCE

West Lafayette College Trustees Reach a Decision.

NSTITUTION IS FLOURISHING

Department of Vocal Music is Making Good Progress, and the Officers are Encouraged.

West Lafayette college is prospering and bids fare to become the leading educational institution in this part of the country.

A meeting of the board of trustees was held Thursday, and the information was brought out that all affairs of the college are in good condition and it is making its way in a manner highly appreciated by all who are connected with it. The needs of the institution are such that it was decided to begin the erection of the proposed new building at once. This structure has already been described in THE AGE. It will meet all requirements for a time, but the trustees are progressive and when more space is needed they will provide it.

The financial condition of the institution is good, and the spring attendance promises to exceed the expectations of a few months ago. Coshocton county will send a large number of students while surrounding counties will contribute liberally.

The department of vocal music under Miss Quirk is making especially good progress. She is a fine vocalist and an excellent instructor. The recital Thursday evening was highly appreciated. The other departments are advancing in a manner most encouraging.

MORE WORK THIS YEAR.

Coshocton Has Grown So That Doctor Foster Finds His Duties Increased.

Health Officer Foster has been looking over Coshocton, and finds that his duties are this year largely increased.

"Coshocton has grown not only in population but in extent," said the doctor, "and I find I have much more work to do this year than ever before. Then almost every lot between the Muskingum and the Pan Handle has a house on it now, and that increases the density of the population. Where many people live in a small space it is always more difficult to keep that space free from the dirt that will accumulate in spite of every precaution. We have Oklahoma to look after now, and that makes it more difficult.

"I can't visit every house in town and tell the people to clean their premises, but I hope they will all do it this year without personal notice. The law is stringent on that point."

CLARK TOWNSHIP LAND

Is the Cause of the Suit Brought by Jane A Finlay.

Jane A. Finlay wants the court to set off her interest in two tracts of land in Clark township. One tract contains 127 acres and the other 41 acres. If this can not be done she wants the land sold.

The petition is filed against the other heirs, Mary E. Finlay, John T. Finlay, R. E. Finlay and Jane Finlay. The plaintiff says she has a legal right, by purchase from J. B. Manner as sheriff, to 127 acres, subject to the dower of John Finlay in 49 acres previously set off in a partition proceeding. See also claims an interest in another tract of 41 acres.

The petition says the defendants except Jane Finlay are tenants in common with the plaintiff under the same title, and John T. Finlay's interest is one fifth, R. E. Finlay's one-fifth, Mary E. Finlay's eleven-thirtieths and George W. Finlay's one thirtieth.

One of the defendants, Mary E. Finlay, claims to have a lien by mortgage, it is stated, and the plaintiff says she is ignorant of the amount and asks that the claim be set up.

It is further claimed that Margaret C. Finlay died Dec. 5, 1807, leaving no heirs but her brothers and sisters. She owned one sixth of the estate with no indebtedness against her share except what is due on the mortgage claim.

FROM THE SOUTH

Come Resolutions on the Death of Professor Wheeler's Wife.

The following resolutions were sent to THE AGE from Jasper, Florida, where the late Mrs. Wheeler, of Nellie, was known and honored by the faculty and students of Jasper Institute.

WHEREAS, The Great and Supreme Ruler of the universe, has in his infinite wisdom removed from among friends and relations, at her home in Ohio, on March 15, 1901, Mrs. Grant Wheeler, the beloved and esteemed wife of our worthy professor, be it,

RESOLVED, That we, the teachers and students of the Jasper normal institute, hereby express our profound sorrow and offer our heartfelt sympathy to the bereaved husband, our honored professor.

RESOLVED, That while we grieve with him in the loss of his most excellent wife, we express our hope that even so great an affliction may be over ruled for good, by Him who doeth all things well.

RESOLVED, That we do commend him, our dear co-laborer and teacher, to the God of Grace who hath said: "My grace is sufficient for thee." But we sorrow not, as those who have no hope, for we have lost, she has gained.

RESOLVED, That the bereaved husband be furnished with a copy of these resolutions, and that a copy of the same be furnished to the Jasper *News* and also to the COSHOCTON AGE.

The resolutions were adopted at the college, during chapel exercises March 18.

Some Chances.

We mention here some of the chances you run when you buy Shoes for too little money, or "Bargain *Sales*"—sheepskin instead of kid, wears purple and rough—coarse leather, spongy soles, bad fit, careless making, rough inside, substitutes for leather. We select only well made, solid leather, dependable shoes. All others are rejected. All genuine, nothing false, see for yourself.
